

July 22, 2010

I got out for a few hours after work with my first mate Brian and his wife Allison. It was a little bumpier than we expected but we had a good time and caught some fish. We ended up with five nice Kings and missed a few others. A big White Hooch with a KRW fly was our best rod again last night. We were running it 80 feet down on the center rigger. We also hit fish on full cores, divers back 150 and a 60 foot rigger with a "Hey Baby" early and "Blue Berry Muffin - Glo" later. I am including a picture of Allison with her best fish of the night.
