

First Mate - Mark Vaas

I have been fishing with my brother Mark all my life. He is an excellent fisherman and we "just work well together." Mark graduated from Michigan State University with a degree in Natural Resources. He works for the Michigan Department of Natural Resources and is currently involved with creel census. Because his busy time at work coincides with the height of charter season he is not able to fish with me as often as I would like. However, if he isn't working you can bet that he is going to be on the boat.
