

First Mate - Tom Veine

Tom, Tommy, T, Big T it doesn't matter what we call him... Tom is always fun to have on the boat. Tom is Brian's Dad and has always treated me like a member of his family. I can usually rope T into joining me for a day on the lake but his true love is steelhead fishing on the river. Tom spends a lot of time on the Big Manistee River and has recently started trolling Manistee Lake for steelhead in the late fall and into the winter. Tom could write a book on his personal outdoor mishaps and provides comic relief when the fishing is slow.
