

Canada Eh?

Have you always dreamed about a fishing or hunting trip in Canada? Stop dreaming and call us at 231-723-5965 to start planning your trip today. After several trips, we have finally found an outfitter that we are proud to work with. You will not be disappointed.

With more than fifty remote locations over a ten thousand square mile area north of Lake Superior, our outfitter is the ultimate choice for a first-class wilderness vacation. They offer unsurpassed angling opportunities for walleye, northern pike, perch, whitefish, lake and brook trout. They also offer highly successful archery and rifle hunts for moose and bear.
