

Welcome to Happy Go Lucky Sportfishing Charters

Call today to book your 2010 Lake Michigan charter fishing trip aboard our boat the "Happy Go Lucky". We fish from the scenic port of Manistee, one of Michigan's top producing ports for trophy Salmon and Trout. We work cooperatively with several boats and can accommodate charters ranging from one fisherman to groups of 50.

Please look around our site to learn more about our charter service, the crew and what we have been up to lately. Also browse through our pictures to see what our charter customers have been catching.

if you are thinking about heading up to Canada fishing or hunting we can help. We have teamed up with an excellent outfitter in Ontario and can help plan your Canadian wilderness adventure. Don't waste your time and money searching for an outfitter through trial and error. Give us a call and we will hook you up with the best.
