

January 2, 2008 Update

Happy New Year!! Thought I would post a quick update today. I have been busy but need to get out and enjoy some of the great winter weather we have been getting here in Manistee. The snowmobiles are tuned up and we have good ice on several inland lakes. It is time to dig out my ice fishing gear and get going. Had a great time deer hunting in both Michigan and Ohio this year. I saw a couple small bucks and lots of does but no shooters. It was fun to hunt out of state and I am looking forward to doing it again next year.
