

Sunday, April 6, 2008

Spring has arrived here in Manistee. Temperatures have been hitting the 60 degree mark the last couple of days and most of our snow is finally gone. The phone has started ringing and we are beginning to fill our summer charter schedule. It has been great to hear from friends who have fished with us in the past. I have been catching a few steelhead in the Little Manistee and will soon start working on the boat. The group who usually fishes with me the last weekend in July is not going to make it this year so those dates are now available. We still have plenty of open dates so give us a call soon!
